The Australian Business Awards are a national awards program recognising success, innovation and ethics across all industry sectors.

The Awards are an independent and prestigious endorsement of the quality of Australian companies with a primary focus on raising the profile of organisations that are committed to business and product excellence.

Winning an Australian Business Award provides the opportunity for Australian companies to gain that competitive advantage with a chance for their achievements to be recognised through advertising and promotional activities which will open doors to new customers, investors and partners.

Any company or organisation operating in Australia, private or public, is eligible to enter. This includes multi-national subsidiaries, partnerships, franchises, community organisations, government departments, agencies and local government bodies.

The entry deadline for the 2010 Australian Business Awards is Wednesday 31 March 2010
